

**Dr Victoria Holliday**

Your local candidate for the District Coastal Ward

**WORKING HARD FOR  
A BETTER, MORE  
PROSPEROUS NORTH  
NORFOLK**

It's a privilege to be standing for election as your new District Councillor for the Coastal Ward. The Conservatives locally work as a strong team to support North Norfolk, and I will be working closely with Duncan Baker MP to solve some of our longstanding local issues, as well as helping the area to recover from the effects of the Covid-19 pandemic.

I've been based in Cley most of my life, spending some of my school days at Norwich High and Gresham's, and was a GP in Holt for many years.

I've been on Cley Parish Council for three years, and Chair for two. During this time, the council has built an accessible community toilet - the 'Curloo', obtained government grants to install ultrafast broadband, started working towards electric vehicle charging points, and formulated a Dark Skies policy for the whole village.

We've also successfully lobbied Anglian Water to increase sewage treatment capacity at the local works; and set up the Cley Volunteers to deliver groceries and prescriptions to vulnerable residents during lockdown and beyond.

In addition, I've founded a working party to help the Ambulance Trust reduce emergency ambulance response times in our area.

My passions are coastal rowing (I helped start CRAB, the Blakeney rowing club); and my rescue Labrador retriever.

These elections are your chance to vote for a truly local, committed candidate - so whether you vote by post or in person, **please do remember to vote on Thursday 6th May!** Thank you.

  
Victoria Holliday

## NORTH NORFOLK CONSERVATIVES

**SHOP LOCAL**  
**EAT LOCAL**  
**SPEND LOCAL**  
**ENJOY LOCAL**

Encouraging 'Shop Local/Eat Local', to help local producers, reduce transport costs, and protect the environment

Providing local homes for local people, plus the jobs and infrastructure needed to support sustainable communities

Supporting economic regeneration across North Norfolk, to ensure all areas get their fair share of council funding

Helping our older residents and combating loneliness by helping to develop good neighbour schemes

Protecting our Areas of Outstanding Natural Beauty and balancing the needs of tourism and the environment
